RE: 2021-2022 Group Insurance Trust **Revised Life Rates**

The Group Insurance Trustees (GIT) voted to revise the 2021-22 Life Rates to reflect a reduction of -12.5% in the AD & D portion of the life insurance rates. This reduction was not reflected in the initial rates voted on by the Trustees in April. The LTD and STD rates remain as voted in April. Attached are the revised rates for 2021-22.

We truly value and appreciate your business and look forward to continuing the opportunity to bring our membership the best value at the most cost-effective price.

If you are interested in learning more about any of our insurance benefits, or have any questions, please contact Wendy Douglas at 1-800-660-8484.
